# FILE A / PAGE 1

Self-authored public PDF merge fixture

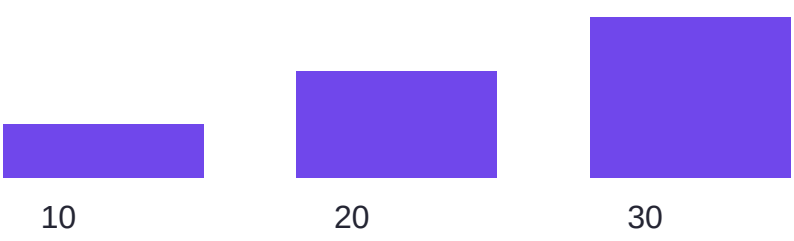

## Source marker: A1

This source has 3 pages; this is original page 1.

MediaBox: 595 x 842 points. Rotation: 0 degrees.

Visible source labels are part of the page content.

Merging should not silently rewrite these labels.

# FILE A / PAGE 2

Self-authored public PDF merge fixture

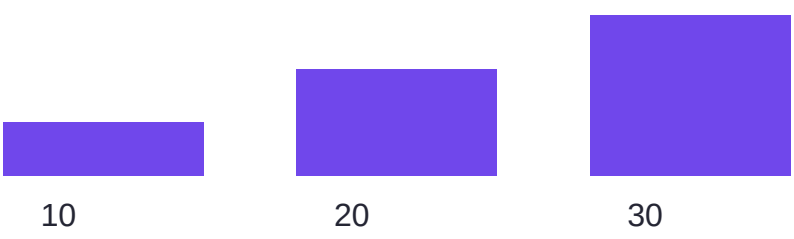

## Source marker: A2

This source has 3 pages; this is original page 2.

MediaBox: 595 x 842 points. Rotation: 0 degrees.

Visible source labels are part of the page content.

Merging should not silently rewrite these labels.

# FILE B / PAGE 1

Self-authored public PDF merge fixture

## Source marker: B1

This source has 2 pages; this is original page 1.

MediaBox: 842 x 595 points. Rotation: 0 degrees.

Visible source labels are part of the page content.

Merging should not silently rewrite these labels.

# FILE B / PAGE 2

Self-authored public PDF merge fixture

## Source marker: B2

This source has 2 pages; this is original page 2.

MediaBox: 842 x 595 points. Rotation: 0 degrees.

Visible source labels are part of the page content.

Merging should not silently rewrite these labels.

# FILE A / PAGE 3

Self-authored public PDF merge fixture

## Source marker: A3

This source has 3 pages; this is original page 3.

MediaBox: 595 x 842 points. Rotation: 0 degrees.

Visible source labels are part of the page content.

Merging should not silently rewrite these labels.
