Chapter 2: Motion

DISTANCE = SPEED x TIME

Speed = 8 m/s; time = 3 s; distance = 24 m.

FILE PAGE 05 / 08

Printed page: 3

For splitting and source checks only; this is not an OCR result.

Two front-matter pages make printed page 1 equal file page 3.

CHECK UNITS BEFORE MULTIPLYING

Speed = 5 m/s; time = 4 s; distance = 20 m. End of Chapter 2.

FILE PAGE 06 / 08

Printed page: 4

For splitting and source checks only; this is not an OCR result.

Two front-matter pages make printed page 1 equal file page 3.
