

Office to PDF | Page-by-page sample verification

PPTX → PDF · Check pages, text, tables and charts

3 slides, expected result: a 3-page landscape PDF

01 Are the Chinese and English titles complete?

02 Are the three rows of values in the table clear?

03 Are the three bars and labels in the chart readable?

This file is for demonstrating format conversion only and contains no real user or operational data.

Table verification | Table check

Native PowerPoint table - Read every row and unit

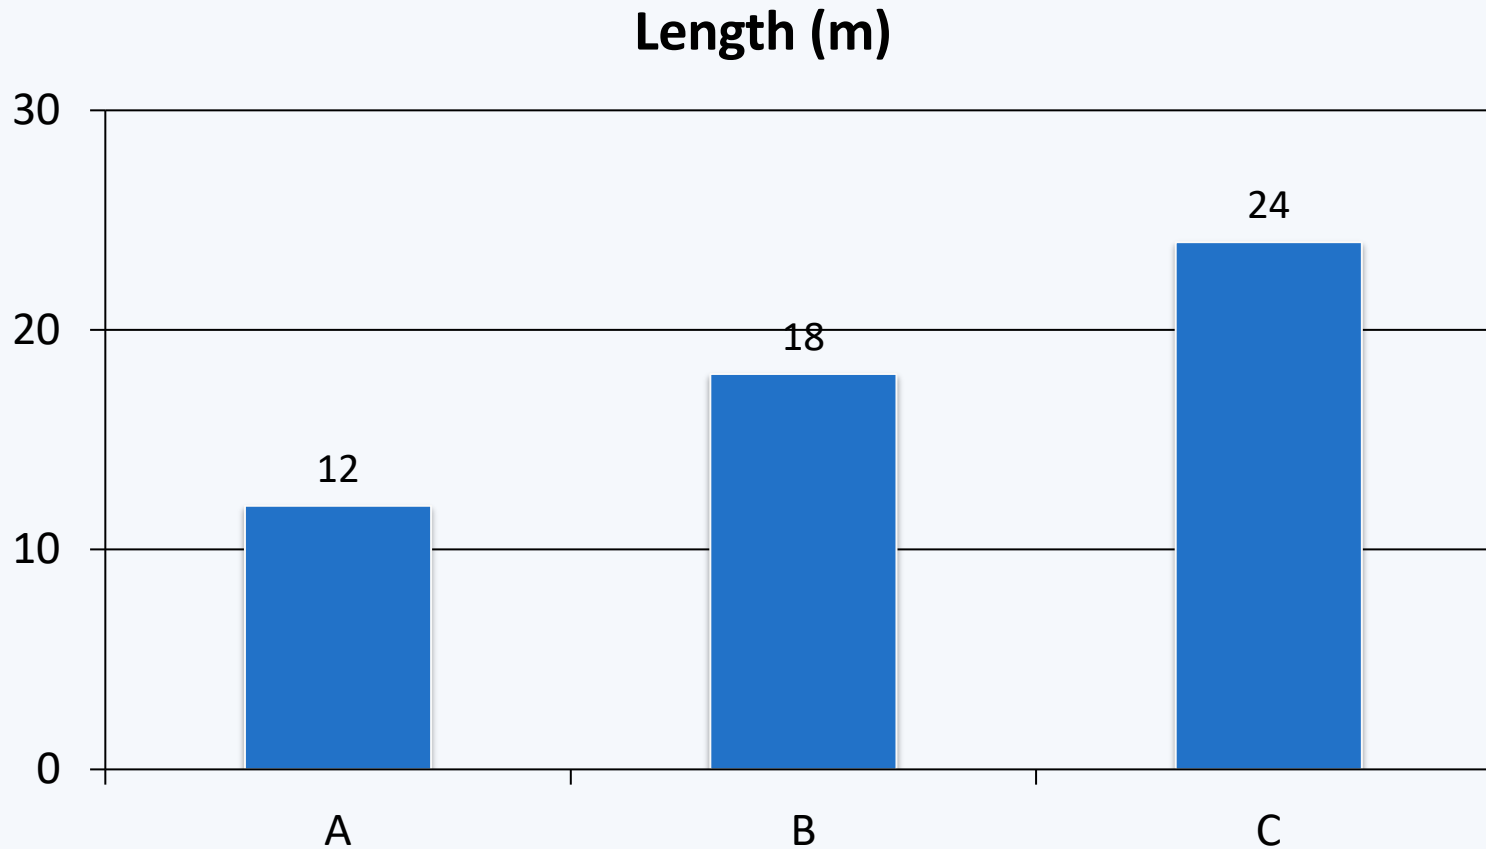

Item	Length (m)	Time (s)	Speed (m/s)
A	12	3	4
B	18	3	6
C	24	3	8

Verification note: $12/3=4$, $18/3=6$, $24/3=8$.

These numbers are self-created teaching examples; they are not Doc2X performance or business statistics.

Chart verification | Chart check

Native PowerPoint column chart - Same A / B / C values

Inspection focus

- Three columns
- A, B, C labels
- Values 12, 18, 24
